VOLUME CVIII.--NO. 188. ALEXANDRIA, VA., THURSDAY EVENING, AUGUST 8, 1907. PRICE 2 CENTS.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heartburn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at its formula will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of the following native American forest plants, viz., Golden Seal root, Stone root, Black Cherrybark, Queen's root, Bloodroot, and Mandrake root.

The following leading medical authorities, among a host of others, extol the foregoing roots for the cure of just such ailments as the above symptoms indicate: Prof. R. Bartholow, M. D., of Jefferson Med. College, Phila.; Prof. H. C. Wood, M. D., of Univ. of Pa.; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago; Prof. John King, M. D., Author of American Dispensatory; Prof. Jno. M. Scudder, M. D., Author of Specific Medicines; Prof. Laurence Johnson, M. D., Med. Dept. Univ. of N. Y.; Prof. Finley Ellingwood, M. D., Author of Materia Medica and Prof. in Bennett Medical College, Chicago. Send name and address on Postal Card to Dr. R. V. Pierce, Buffalo, N. Y., and receive *free* booklet giving extracts from writings of all the above medical authors and many others endorsing, in the strongest possible terms, each and every ingredient of which "Golden Medical Discovery" is composed.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. They may be used in conjunction with "Golden Medical Discovery" if bowels are much constipated. They're tiny and sugar-coated.

SLUMP IN STOCKS.

The decline in the New York stock market, which began on the first market day after the imposition of the $29,000,000 Standard Oil fine, was furthered yesterday by the sharpest break in prices that has occurred since the days of the silent panic in March. It was a millionshare session of the stock market for the first time in many weeks, with the maximum activity in the periods of the sharpest declines. The scores of weak holders, whose accounts were sacrificed accordingly, got the lower prices of the day. Upon them and upon other holders of securities the effect of the break was the more disastrous, because it followed declines averaging three points in the previous days of the week.

Many new bottoms for the year were made, twenty-six being recorded during the session. Outside of a drop of 23 points in Lake Shore, which had not been traded in before this year, Lackawanna showed the greatest loss, 9 7-8 points.

At the lowest Union Pacific was off 6 3-4 points. American Smelting and Sugar, 5 1-2; Reading, 5; Distillers' Securities, 4 3-4; Northern Pacific and Amalgamated Copper, 4 5-8; Southern Pacific, 4 1 2; St. Paul, 4; Great Northern preferred, 3 3-4; Atchison, 3 1-2; Interborough Metropolitan preferred, 3 3-8, and Canadian Pacific, 3. The final prices represented rallies on short covering of 1 to 3 points, and the fact that such net losses remained, as 5 1-8 in Union Pacific, 4 1-8 in American Smelting, 3 5-8 in Amalgamated Copper, 3 1-2 in Sugar, and between 2 and 3 points in Reading, St. Paul, and the Hill stocks, is evidence of the violence of the day's decline.

The fact that stood out above all others in the yesterday's trading was the absence of support from the big holders of securities. It was even reported constantly throughout the day that the financiers' belonging to the Standard Oil party, or associated with it in various enterprises, were throwing over their securities out of disgust with recent unfavorable developments.

KILLED BY TORNADO.

A dispatch from Mason City, Ia., says that three persons were killed and four injured and thousands of dollars damage was done throught that section of Iowa Tuesday night by a tornado.

Green Bay passenger train No. 6, which left Winona at 5 o'clock Tuesday evening, was wrecked by the wind about three-quarters of a mile east of Winona. The train had been halted on the main track, behind a dense wall of willows, where it was hoped to escape the storm's fury. Nevertheless, two coaches were picked up by the wind, carried a distance of eight feet and toppled over an embankment.

A dispatch from Chicago says that heavy rainstorms and high winds, accompanied by lightning and hail, the disturbances in some districts attaining the proportions of a tornado, swept through the west and northwest Tuesday night. At least six persons in Iowa and Illinois are known to have been killed, and heavy property damage was caused, telegraph companies, railways and farmers being the sufferers. Crop damage in Minnesota, Iowa and Illinois is considered large.

A dispatch from St. Paul, Minn., says the latest estimates of the damage done by Tuesday night's storm increases the total of $100,000. Several hundred feet of track of the Chicago and Northwestern Railroad, north of Trempeleau, along a high dike, was washed out to a depth of 20 feet.

A heavy thunderstorm swept over Para, Ill., and vicinity Tuesday night, and lightning killed Frank Henderson and Peck Roberts. Three men in a wagon were knocked senseless by a bolt of lightning. Two homes were destroyed at Tower Hill, and at Nokomis the Catholic Church was almost demolished. Great damage was done to crops by hail. A section of the Big Four Railway tracks were washed out completely.

Later reports from various parts of Iowa indicate at least twenty-five persons were killed by a tornado which swept Winnebago county and other parts of the State Tuesday night. The destruction of property is said to be great.

Neighbors Got Fooled.

"I was literally coughing myself to death, and had become too weak to leave my bed; and neighbors predicted that I would never leave it alive; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Uncapher, of Grovertown, Stark Co., Ind This King of cough and cold cures, and healer of throat and lungs, is guaranteed by E. PROBABLE ARREST.

There is a likelihood of the arrest of Southern Railway employes of Marion, Ala., and that the line running from Selma to Akron will be tied up. An indictment was returned from the Perry county grand jury yesterday against the Southern Railway for doing business without a license, and Solicitor Fritz Thompson states that he will enforce the law and that a bill of indictment will be returned against the road for every day that business is transacted without the authority of the State.

It is common report on the streets of Marion that the station agent and the crew of the local freight are to be arrested and the eighty miles of track tied up. This, it is said, will not interfere with interstate commerce in any way, but it will work great harm to many towns along the line. Hamburg, Marion, Scotts, Newberne, Greensboro, and Sawyersville would be affected. Business men and the public are much concerned. Solicitor Thompson declares that he will do his duty to see that the law on the State's books is enforced.

Vice President E L. Russell, of the Mobile and Ohio, representing President Finley, of the Southern Railway, and Attorney Weatherley, of Birmingham, continued their conference with Gov. Comer yesterday regarding the controversy between the State of Alabama and the Southern.

Gov. Comer, at the conclusion of the morning session of the conference, gave out a statement in which he says he is standing out for the 2 1-2 cent fare bill, saying "every time a ticket is sold for more than 2 1-2 cents a mile the roads violate the law, and the person selling the tickets commits a misdemeanor. It is the duty of every court to so charge the jury, and the duty of every solicitor to make out a case. I have told Col. Russell that with his reputation for fairness I shall expect him to realize and concede that the railroads must obey the laws the same as any other person."

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING, AUG. 8, 1907.

TWO LITTLE negro girls, by a childish quarrel with white boys of their own age, started a disturbance in Philadelphia Tuesday night that ended in a riot in which more than 1,000 persons engaged. Some one cried out that a negro had killed a woman. The word was passed, and like a flash came the angry responses, "Lynch the black——!" "Kill him!" Where is he!" &c. The negro who was supposed to have committed murder dodged sticks and all kinds of missiles, but was finally knocked down. He was rescued from the mob's fury by some white men who went to his aid. The above is one of a number of serious incidents which are of daily occurrence in certain cities in this country where people seem to be losing their heads. Several innocent persons have recently been attacked by mobs, and barely escaped with their lives, it being supposed that they had offered violence to women or little girls. In New York it is now dangerous for a man to place his hands in a friendly manner upon a little girl with whom he is acquainted without running the risk of being lynched. The exclamations, "Get a rope! hang him!" etc., have of late startled and horrified quiet people, and when the origin of the tumults have been learned it has been seen that there was no real occasion for them. Eugene Sue in his thrilling book, "The Wandering Jew," gives vivid descriptions of incidents in Paris when cholera was ranging in that city many years ago. He tells of real happenings, having witnessed most scenes he portrays. The populace imagined doctors were poisoning the people and that physicians had many allies who were straying around putting poison in cups in wine shops and other places. The descriptions of the kicking to death of a lion tamer's assistant and the miraculous escape of the head of the Jesuits from the fury of a mob will never be forgotten by those who have read them. It seems that history is repeating itself in our day.

M. SOYEDA, a financier of Tokio, is on his way to Berlin. His object, it is reported, is to sound the Berlin bankers regarding the feasibility of an international Japanese government loan, with German participation. There seems to be little prospect of M. Soyeda getting satisfactory assurances in the Prussian capital, as the future of Japanese finance is looked on doubtfully by the bankers of that city. The above carries out much that has recently been said about Japan's financial condition. That country is already laboring under monetary burdens which the present generation will be unable to lessen in any perceptible degree. The Mikado succeeded in forcing the Czar out of Manchuria, but not until many thousands of his soldiers had fallen and an enormous national debt had been piled up. According to Japanese estimates 60,000 men were sacrificed in the capture of Port Arthur. War is a costly pastime.

IT IS announced by officials of the Standard Oil Company that no advance is contemplated in the price of oil. This announcement is made in contradiction of a statement that the company would take this method of preparing itself for the payment of the tremendous fine imposed by Judge Landis. It goes without saying that the Standard will fight the payment of the fine to the last ditch. The Government sleuths to the contrary notwithstanding, any of Mr. Rockefeller's brainy young men stand ready to prove that but for the Standard's improved methods and benevolent regard for the general welfare the consumers of petroleum products would now be paying double the Standard prices. The Standard will not pose as an avenger; it is a martyr, notwithstanding this report of the government's examining committee which proved that the Standard's claim that it lowered the price of oil was false.

THE FINE of $29,000,000 given the Standard Oil Company by Judge Landis in Chicago, last week, was used on Tuesday by Senator Foraker to defend his public career, especially his attitude on the Hepburn rate bill. He claimed credit for the fine in that he framed for the most part and helped to pass the Elkins law, under which the case against the Standard was brought. Said the Senator:

Of the more than 100 cases brought against railroads, corporations and shippers in the last two years, every one, including the one in which the Standard was heavily fined last Saturday, was brought under the Elkins law, which I helped to frame and pass.

The Senator is now in the position of claiming everything. Drowning men grab at straws.

ACCIDENTS in the first quarter of this year cost the railway companies three and a half millions in damages to cars, engines and roadway. This fact ought to make the officers of the companies take necessary precautions to avert accidents. Incidentally 421 persons were killed and nearly five thousand were injured. This should suggest to the various State legislatures the propriety of enacting laws holding careless railroad employees criminally responsible for accidents resulting from their carelessness.

THE Western Federation of Miners has gone beyond the limit of brutality in its efforts to coerce, ruin or murder those who opposed it and a complete reaction against its methods has been started in the west. Cripple Creek mine owners have decided to rigidly enforce the card system against the federation and will no longer have anything to do with that organization.

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, Aug. 8.

Surprising revelations were made today through the disclosure of the hitherto well-guarded plans of the administration to begin at once the mobilization in Pacific coast waters of the most powerful cruiser fleet ever assembled. Orders have been issued for almost the entire cruiser strength of the Asiatic squadron to be brought across the Pacific, two new monster cruisers, the California and South Dakota, will shortly be ready for service; the St. Louis is now making her way up the west coast and the Washington and Tennessee will start out to join them before the close of August.

Acting Attorney General Russell in a statement this afternoon declaring that the Department of Justic is incapable of performing half of the anti-trust and rebate prosecutions which public rumor to it, says: "It will doubtless be the policy of this department to aid in the speedy determination of all the questions involved in the railroad rates controversy by the Supreme Court, and in that high tribunal, the rights of all will be safe and soon settled. When the department shall have continued a while longer enforcing the laws against rebating and restraints and monopolies of trade, the result cannot fail to be a sounder and less tainted prosperity." Of the rate muddle between the Southern Railway and certain Southern States: "My view is that whether a lower rate will lessen dividends or increase them by increasing travel and shipments, is chiefly a matter of experiment. I presume it was upon being convinced of this, that some of the railroads abandoned their preliminary injunction of State law and authority as of doubtful legality, even if a permanent injunction shall be properly upheld upon full proof, and after some little time for experiment."

An important confidential report on the government's suit for the dissolution of the Standard Oil Company is at the Department of Justice awaiting the return of Attorney General Bonaparte. It is from F. B. Kellogg, the $12,000 a year special counsel who conducted the rigid investigation into the oil trust management, which culminated in the suit in equity, which the government firmly believes will demolish the oil trust. The taking of testimony in the case has been in progress some weeks before a master commissioner. J. L. Gravee, a special assistant attorney at the Department of Justice, is representing M. P. Purdy, the government's leading trust buster, who is now in Europe, and has charge of the government's exhibits in the case. It is understood that the papers include several of a sensational character, and those who have kept in touch with the proceedings thus far hint at the explosion of a legal bomb under the Standard, before the taking of testimony is completed, which may not be for four months.

After almost five years struggle for freedom, Mrs. Nancy Miller, of Indian Territory, was today released from the Columbus, O., penitentiary, and started homeward to care for her five children, suffering from a father's inability to care for them. The woman's high temper was her undoing. Angered in a dispute with a neighbor, Mrs. Alice Burk, over some goslings, Nancy shot her dead with a revolver. Her previously unblemished reputation saved her from a verdict of murder in the first degree. Her exemplary conduct as a prisoner has resulted in the President commuting her sentence to take effect immediately. Her sentence of ten years would not have expired until 1911.

Acting Attorney General Russell today promptly averted the creation of an "international incident" with Germany. The threatened trouble arose over the arrest at San Francisco of 24 Chinese members of the crew of the German steamer Tolosan, and their being taken before a United States commissioner for deportation to China, under the exclusion act. Attention was called to the case by the German Ambassador. In ruling that the Chinese should be turned over to the German consul, instead of being deported today by the government on the Manchuria, the Attorney General says: "There is a treaty with Germany providing for the arrest and return to the German consuls of deserting seamen. The German steamer proposes to take them back to China, and we have no right to object to a Chinese crew on a foreign steamer."

The papers in the case of First Lieutenant Charles E. McCulloch, of the 15th cavalry, who was tried by military courtmartial in Cuba, on charges of giving worthless checks, duplicating his pay accounts, and desertion, have been received at the War Department for review. It is understood that he was found guilty on each charge. Lieutenant McCulloch enlisted in the army as a private from Wisconsin and worked his way up.

The first meeting of the new Philippine Assembly, the first legislative body to be elected in the islands, will take place on October 16. This announcement is made in a cablegram from Governor General Smith, received by the bureau of insular affairs today. Secretary Taft is due to arrive in Manila on the 14th. He will make the opening address to the assembly.

Today's Treasury statement is: Receipts, $2,727,969; expenditures, $2,550,000.

Isaiah P. Hudson has been appointed postmaster at Hudson Hill, Culpeper county, Va., vice G. R. Colvin, resigned.

Italian Murderers Hanged.

Pittsburg, Aug. 8.—Georgie Quagenti, alias John Ratser and Govann Graziano, Italians, were hanged today in the county jail for murder of Anglo Cappabianca, an Italian merchant at Calirton, April 25, 1906.

News of the Day.

Arthur Mulheron was killed and fifteen other persons were injured, three seriously, by an explosion of powder in the loading room of the Robin Hood Ammunition Company, at Swanton, Vt., yesterday.

Four persons, employes of the Norwood House, Allenhurst, N. J., were instantly killed last night when their carriage was run down by a Pennsylvania passenger flyer known as the Bankers' Special, at Allenhurst.

James Johnson, aged twenty-one, of Jersey City; Harriet Slinkard, aged sixteen, of Brooklyn, and Helen Bloomer, aged eighteen, also of Brooklyn, guests at the Hunt House were drowned while bathing in the lake at Newton, N. J., yesterday.

All the telegraph operators in the Los Angeles, Cal., office of the Western Union Telegraph Company walked out yesterday afternoon. It is stated that but one man remained in the operating department. There was no previous intimation of a strike.

The congress of George Washington University in Washington, made up of the students from different departments of the institution, after a spirited debate Tuesday night passed a bill providing a "Jim Crow" law for the District of Columbia. A resolution was introduced by a student congressman impeaching Judge J. C. Pritchard for his decision in the railroad case in North Carolina.

The latest advices from the Persian frontier say that the Turkish troops which recently crossed the northwest frontier of Persia are marching on Urumiah, burning and devastating villages along their route. The Christian village of Mevan is reported to have been shelled and 90 persons, including many women and children, are said to have been killed. Ten girls were carried off. A panic prevails at Urumiah.

Ex-Policeman Ben Curruth was arrested at Helena, Ark., yesterday charged with the assassination of J. M. Scott, city editor of the Helena World, on Sunday morning. Curruth denies the charge but the police claim to have strong circumstantial evidence against him. Curruth was a member of the police force at the time the entire force was compelled to resign upon the demand of the citizens' mass meeting following charges of graft by the World.

Efforts to secure the $15,000 bail demanded having failed, Mrs. Anna M. Bradley, slayer of former Senator Arthur Brown, of Utah, has been returned to the District of Columbia jail to await her trial two months hence. For three weeks Mrs. Bradley has been in a hospital, where she was taken to undergo an operation, which was successfully performed. Mrs. Bradley rallied from the operation and has been convalescent since the first day she was taken from the District jail.

After having about one chance in a hundred of saving his life and losing that chance, Samuel Lee, who fell on the sliding strap of a circular saw yesterday afternoon in the Baltimore jail, was carried into the whizzing teeth of the saw and cut to death. Before the rapid machinery could be brought to a halt Lee's body had been almost severed. His stomach, liver and kidneys, several ribs and part of his backbone were cut as clean as if a butcher had done the job with the tools of the slaughterhouse.

While nursing her dying son George, who was suffering from rabies, the result of a dog bite, Mrs. Charles T. Davis, of Danville, Ill., was bitten on the chin by the child a week ago, and Vance Davis, a brother, was bitten and scratched about the face and hands. They are now undergoing treatment in Chicago. The child died in great agony a few hours after Mrs. Davis was bitten. The attending physicians became frightened at the possible result of the bites, and brought took the mother and son to Chicago for treatment.

George Wallace Delamater, once candidate for governor of Pennsylvania, and who served as State Senator from Crawford county, Pa., from 1887 to 1890, committed suicide by shooting in Pittsburg yesterday. Grief over the death of his father, George B. Delamater, at Meadville, Pa., on May 6, and the sudden death of his son, James Scott Delamater, in June, at Connellsville, Pa., is believed to be the cause of his suicide. Delamater was connected with the Prudential Life Insurance Company in this city, and leaves a comfortable fortune to his family, being heavily insured.

Duncan Campbell Sayers, who for twenty years has been employed by the school of St. Paul's Cathedral, Garden City, Long Island, N. Y., and who was arrested at the Ashland House, New York city, Tuesday night, on a charge of forgery, was arraigned yesterday morning before Justice Charles F. Gittens and held for further examination. It is charged that Sayers, who is fifty-three years of age, has falsified his books for a long period of time and that the aggregate sum missing will be large. Experts were set to work on the books last month and they had been at the task but a few days when Sayers disappeared. A warrant was issued for his arrest, and he was recently located in New York.

Col. William H. McClure, the oldest and at one time the most brilliant lawyer in central Iowa, went insane Tuesday afternoon at Cedar Falls, and made an unsuccessful attempt to brain Father Luke Donlon with an old army musket he had carried through the civil war. The assault was in a cemetery at the conclusion of the burial rites over Mary Morris, of Utica, N. Y. Col. McClure became violent, and, striding toward Father Donlon, aimed a blow at his head. The priest dodged and Col. McClure was overpowered. The aged lawyer thought he was protecting his wife's grave from desecration. He is hopelessly insane, and will be placed in the asylum at Independence. Col. McClure is seventy-eight. He was twice defeated for Congress by the late Speaker David B. Henderson.

Killed by a Priest.

Pittsburg, Aug. 8.—Two brothers, Andrew and Stephen Starzynsky, who conduct a Polish hotel on the south side, were shot by Ludwig Szeziel, a Polish priest, early today. Stephen died a few hours later and Andrew is in a critical condition. The priest was crazed with liquor and had been brooding over repeated disappointments.

Fatal Fall.

Jersey City, N. J., Aug. 8.—James Black, 35, of this city stepped on a leaf on a sidewalk here today, slipped and broke his neck. He was taken to a hospital where he died an hour later.

Virginia News.

The fourth annual meeting of the Virginia State Farmers' Institute will be held at Roanoke on August 13, 14 and 15.

Mrs. Mary Taylor, wife of H. A. Taylor, of Bluemont, Loudoun county, died suddenly yesterday, aged sixty years. On Sunday she was stung on the arm by an insect, from the effect of which death is supposed to have resulted.

The Newport News Hotel Corporation, owning and managing the Hotel Pocahontas, one of the largest hotels of Newport News, filed a deed of assignment yesterday for the protection of its creditors. The liabilities of the company are given as $11,000, while the assets are placed at $17,000.

Mayor Cutchin, of Roanoke, yesterday received a consignment of modern military guns, with bayonets and ammunition, from Adjutant General Anderson, of Virginia. The mayor recently made a request for these arms, so that he may be prepared to quell any rioting that may occur in the future. Mayor Cutchin says that while Roanoke is antimilitary, he is not, and that he doesn't intend to let a mob take possession of the town, as was the case several weeks ago when all the Greek restaurants were smashed. The guns have been stacked at police headquarters.

William B. Peteus, a carpenter, who, following a murder, was adjudged a lunatic, is now in the Richmond jail to await trial for his crimes. He killed Annie Allen, a colored girl, in his boarding house, who came to clean up his room, cutting her throat from ear to ear, and leaving her lying huddled on the floor in her own blood. He then went to a building where he had worked and attacked a fellow-workman, W. H. Smith. Unobserved, he stepped up behind Smith, and, jerking his head back, slashed his throat with a knife. He would have killed Smith but for timely interference. Smith, though fearfully cut, recovered.

AUTOMOBILE ACCIDENTS.

A race between two big automobiles from Milwaukee to Okauchee, a distance of about 25 miles, with a supper and $25 as the stakes, yesterday ended in a frightful accident to one of the cars, resulting in the death of two of its occupants and the painful, though not fatal, injury of two others. The machine collided with a bridge over Elm creek, near Brookfield Junction, 10 miles west of Milwaukee.

Miss May Bushnell, an attractive young woman, 27 years old, was thrown from an automobile two miles from Berryville, Clarke county, Tuesday night, and killed. She was in a gasoline runabout with Miss Camilla Rutherford and Jack Hardesty, of Winchester, when the automobile struck a telegraph pole that had been stretched across the road. Miss Bushnell was seated on Miss Rutherford's lap. The automobile was going at a high rate of speed when it hit the pole, throwing Miss Bushnell headlong into the road. Her skull was fractured. The obstruction was put across the road by intent, and the police authorities of Winchester and Berryvile are now making an investigation. Yesterday afternoon Ammie Locke, aged 16, and Ernest Simons, aged 20, were arrested and lodged in the Berryville jail.

William Catchings, a broker, who was the companion of Swift Tarbell, son of Gage T. Tarbell, at the time of the collision of Mr. Tarbell's automobile and a Third avenue New York surface car last Sunday afternoon, died yesterday. It is stated that the physicians held out but little hope for the recovery of Swift Tarbell.

A RAILROAD DECISION.

In a decision by the Interestate Commission announced yesterday it was held that where carriers exacted from shippers a special higher rate than ordinarily was charged in consideration of an expedited service the higher rate could not be charged unless the service contemplated actually was rendered.

The opinion was written by Commissioner Clark, and was in the case of the American Fruit Union, of Cincinnati, O., against the Cincinnati, New Orleans and Texas Pacific Railway. After holding that the carrier is not entitled to exact the higher rate unless the special service is rendered, Commissioner Clark says:

"This principle is recognized in contracts between the federal government and the railways for fast mail service and by the railways in connection with their excess-fare limited passenger trains. In both instances carriers forfeit a part of the compensation if they fail to make the time agreed upon."

In this case defendant's rate on strawberries in car loads under refrigeration from Chattanooga and Oakdale, Tenn., to Cincinnati, was found unreasonable, and the rate of 27 cents per. crate, was ordered to be reduced to 22 cents per crate. Reparation was also awarded to shippers injured by the failure of the defendant to supply the special service.

DOUBLE TRAGEDY.

A double tragedy was enacted in Asheville, N. C., yesterday, when Mrs. L. C. Ray, daughter of the late Colonel Cressman, was shot and killed by Robert Murdoch, a well-known business man of Asheville, who was in love with her. After killing Mrs. Ray, Murdoch blew his brains out.

The shouts of a maid of Mrs. Ray that a man was killing her mistress attracted the attention of several passers-by, who attempted to enter the room where the shooting was taking place, but were ordered away by Murdoch, who flourished a revolver toward them.

Murdoch told his troubles to James Allison, an old friend, a short time ago, and declared his intention then of killing Mrs. Ray, who, he said, had ruined him financially and was faithless to him.

Murdoch went to Mrs. Ray's house between 10 and 11 o'clock. About five minutes later he fired five shots at Mrs. Ray, after which he loaded his revolver and fired four shots into his own body. Murdoch was a married man and had six children. Mrs. Ray leaves a husband and two children.

Eleven persons were killed by the derailment of the passenger train Tuesday night between Posen and Thorn, Prussia.

A Valuable Lesson.

Today's Telegraphic News.

The Bombardment of Casablanca.

Tangier, Aug. 8.—Several French transports, bearing part of the force of Gen. Drude, dispatched to Morocco to restore order, have reached Casablanca, according to information reaching here today. The soldiers were at once landed and now hold the town.

It is now known that the bombardment by the French cruisers at Casablanca continued from Monday until Tuesday evening. For the most part the gunners directed their attention to shelling the Moorish horsemen who approached the town at intervals. It is reported over 300 Moors were killed or wounded during the bombardment.

Four French warships have arrived here. The Moorish authorities at Tangier at once assured the commander of the squadron that every possible precaution will be taken to preserve order throughout Morocco.

Word reaching here today confirms the report that the town of Mazagan was bombarded. The French cruiser Du Chayla wasdispatched there for the special purpose of shelling the town.

London, Aug. 8.—Mazagan, Morocco, has been practically destroyed by the bombardment of the cruiser Du Chayla, sent there to defend Europeans. Many Hebrews were killed by Moors, however, before they could be given protection. This is the news received in a dispatch to the Central News from Tangier.

While the bombardment was in progress hundreds of Moors made a raid into the Jewish quarter. The exact casualties are unknown. Care was taken to avoid the various consulates during the bombardment, and they were not touched.

Tangier, Aug. 8.—A fresh outbreak by Moors at Casablanca has necessitated a further bombardment there and attacks by Moors have also occurred at Rabat and Mazagan. Agitators are at work all along the coast doing their utmost to stir up a holy war. Only the fact that the Moors are poorly provided with ammunition has prevented additional attacks on foreigners. At Casablanca the streets are filled with dead Moors, killed during the bombardment following the latest outbreak. At Mazagan many Jews were killed. Moorish horsemen made attacks on Casablanca during the bombardment of the town. The firing continued all day Tuesday and part of Wednesday. So heavy was the fire that the Moors, routed, were unable to carry off their dead.

Fires in Baltimore.

Baltimore, Md., Aug. 8.—Fire broke out in the immense grain elevator of the Baltimore and Ohio railroad, at Eutaw and Henrietta streets, shortly after eight o'clock this morning. The grain elevator is thought to be doomed and the fire threatens to spread to surrounding property.

Following the first alarm, a general alarm, the "Four Two's," was sounded, bringing to the scene thirty-five engines and fifteen truck companies.

The elevator structure is a roaring furnace, tongues of flames leaping high into the air.

At 8:50 the roof of the elevator crashed in, sending huge sparks in every direction. Hope of saving the elevator has now been abandoned.

At 9:15 a. m. the east wall of the building fell out with a mighty crash. Fortunately the firemen had seen the danger and had moved to places of safety. At that hour the fire was still burning fiercely.

At 10:30 a. m. the fire was under control. The grain elevator was completely destroyed, with a loss on the building alone of between $150,000 and $175,000.

No estimate of the loss on the contents has yet been made, but it is believed to be heavy.

Baltimore, Md., Aug. 8.—Fire broke out shortly before noon today in the big stables of the Baltimore Transfer Company, covering almost half a city block, at Front and Low streets. Owing to the fact that almost the entire fire department was in another part of the city, fighting the fire at the Baltimore and Ohio grain elevator, the flames gained great headway, and in a few minutes the entire building was one mass of flames.

Leaping across a ten foot alley, the fire caught the large six story chair factory of Hedhinger Brothers, which was soon burning fiercely.

After a desperate fight of nearly two hours, the firemen practically succeeded in getting the flames under control. The estimated damage is $100,000, the greater part of which is covered by insurance.

Charged with Murdering Her Mother.

Berlin, Aug. 8.—On the strength of a declaration made by Baron Von Lindenau, that he saw Miss Olga Molitor shoot her mother, and that Carl Hau, recently found guilty of killing Frau Molitor, his mother-in-law, is innocent, Olga is to be arrested. Von Lindenau was arrested last night.

Von Lindenau's sensational charge against the girl is contained in a letter which the prosecutor at Carlsruhe, where Hau was tried, made public today.

The Baron first attracted attention in the case by making an affidavit that he was the mysterious man mentioned in the testimony at Hau's trial as having been directly behind Frau Molitor and her daughter at the time the crime was committed. He had kept his identity secret because he did not wish it known that he was in Baden-Baden the day of the murder. In his affidavit Von Lindenau declared he knew Hau had not fired the fatal shot.

Von Lindenau wrote an anonymous letter while the trial was pending telling the prosecutor Hau was innocent, but it was given no weight.

Late this afternoon a dispatch to a news agency from Baden-Baden, the home of Olga Molitor, stated that she has been arrested.

Charged With Murder.

New York, Aug. 8.—Edward Mulvaney, 23, was arraigned in Brooklyn today on the charge of killing the father of his fiance, as the result of a family quarrel in which he undertook to act as peacemaker. Mulvaney was calling upon Miss Zslander, when the father returned and became engaged in a quarrel with his wife and son. The young lover was with his sweetheart in the parlor when he heard the angry words. He rushed out and tried to separate the father and son. The father turned upon him and in the fight that followed the suitor struck his intended father-in-law in the face knocking him down. As he fell his head struck heavily and death resulted early today.

The Market.

Georgetown, Aug. 8.—Wheat 73a78.

Another Threatened Strike.

Denver, Col., Aug. 8.—There is believed to be a grave danger of the strike of the switchmen on the Colorado and Southern extending to such proportions as to threaten a general tie-up of traffic in the west. Employes of Rio Grande already are preparing to demand an increase in wages for yardmen and it is asserted that the unions in other roads are planning similar action. No successful step has been taken toward a settlement. Almost a score of mines near Trinidad, the output of which can be handled only by the Colorado and Southern, have shut down and about 3,000 men are out of employment. Prominent men of Central City and other places have served as brakemen and switchmen to aid in moving coal, needed to keep business going.

Pittsburg, Pa., Aug. 8.—Representatives of upward of 41,000 railroad workers employed on the great railroads of the eastern half of the country have been in secret session for ten days or more at Cambridge Springs, Pa., discussing various plans for obtaining a readjustment of wage schedules. Those who have been represented at the meetings at various times have been the railway conductors, the brotherhood of locomotive firemen, the brakemen, yardmen, the switchmen's brotherhood and telegraphers. The brotherhood of engineers was not represented. Strike talk or radical measures of any sort have been the farthest from the thoughts of the trainmen represented.

The roads involved in the present agitation are the Pennsylvania, the New York Central and allied lines, New York, New Haven and Hartford, Central of New Jersey, the Buffalo, Rochester & Pittsburg, the Delaware and Hudson, the Baltimore and Ohio, the Boston and Albany and the Chesapeake and Ohio.

The railroad workers represented at the conference declare that a substantial increase ought to be granted to them in view of the great increase in the cost of living. They say it is impossible to make both ends meet at the present scale of wages.

Millionaire Dying.

New York, Aug. 8.—Abraham Oppenheim, millionaire, and heir to another vast fortune, is believed to be dying today at Roosevelt Hospital following his attempt at suicide late yesterday. The bullet he fired into his head will be probed for today. Beyond a hint at a possible love affair, as Oppenheim is a bachelor, there is no explanation of why Oppenheim should wish to die. He is only thirty-eight years old and head of a well established business. His attempt was made at the Hotel Belleclaire, where he lived. After shooting himself he called Miss Ethel Saxe, sister of the proprietor, on the phone saying he believed he was dying and asking that she call a doctor. Oppenheim was known to his friends as a practical joker, and Miss Saxe thought this was his latest attempt, so paid no attention to the matter. Two hours later she told her brother of the "joke," who rushed to Oppenheim's room where he was found on the bed with a wound in the temple. He was too weak to offer any explanation.

Wedding.

Cleveland, O., Aug. 8.—Mrs. Laura B. Glenn, widow of a prominent Cleveland man, rich and occupying a leading place in society, was married here last night to Lord Louis Armitage Rivers, of Dunham, England. Lady Rivers, before her first marriage was Miss Laura B. Arbuckle, daughter of Issac Arbuckle, the "coffee king." Lord Rivers is a member of a number of societies interested in scientific research. After a trip abroad he will return to Cleveland with his bride, probably engaging in business here.

Ground to Death.

Allentown, Pa., Aug. 8.—While at work inside of a set of raw brick grinders, at the plant of the Lehigh Portland Cement Company, at Fogelsville, yesterday afternoon, George Reed, aged 30 years, of Berks county, and Mike Hollau, aged 26 years, were caught and ground to death by the starting of machinery. The presence of the men, who were repairing the mill, had evidently been forgotten, and it was not until a foreman noticed that the mill was not running that the fatality was discovered.

Tioga Lodge for Sale.

New York, Aug. 8.—Tioga Lodge, at Highland's Mills, where Senator Platt and his wife, who was Mrs. Lillian T. Janeway, signed their famous mutual agreement of separation, is for sale. The agreement gave the estate to Mrs. Platt. Now she wishes to convert it into ready cash, which would bring in an income. Platt bought the place just before he married Mrs. Janeway and they made their home there until the break came.

Indictments Against Oil Companies.

Jamestown, N. Y., Aug. 8.—United States Judge Hazel is expected to arrive here tomorrow to receive the indictments returned yesterday against the Standard Oil Company and the Vacuum Oil Company, a subsidiary concern. In case of convictions under all the indictments the maximum penalty would be $2,940,000. The offense charged is the violation of the interstate commerce law in connection with shipments of oil from Orlean to points in Vermont.

Monument to Jefferson Davis.

Montgomery, Ala., Aug. 8—The bill providing for a monument to Jefferson Davis was signed today. The monument will be erected near the spot where he took the oath of office as the first and only president of the Confederacy.

Killed by Explosion.

Santiago, Chile, Aug. 8.—Forty persons, including firemen, policemen and spectators, were killed or wounded today when the carbonic acid pipes of a brewery exploded and completely destroyed the building by the fire.

HAD AN AWFUL TIME.

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—SAM G. GWIN, Concord, Ga. For sale by Gibson & Timberman and W. F. Creighton & Co.

Railroad War.

Birmingham, Ala., Aug. 7—The Southern Railway has decided to abandon litigation in the federal courts, according to a report here. This nullifies the previous decision to fight the case to the utmost. It is now understood that the railway will allow the case to go through the courts in the regular way, following the statement if the Southern admitted that the appeal to the federal courts was a mistake.

The Telegraphers' Strike.

Los Angeles, Cal., Aug. 8.—Indications point to an early termination of the strike of the telegraph operators in the Western Union office here. The matter has been referred to President Small at San Francisco, and it is more likely that the men will be directed to return to work.

Boy's Death to be Investigated.

Boston, Aug. 8—The mysterious death at the Concord Reformatory of Frank Brown, a 14-year-old Cambridge boy, will be thoroughly investigated, the Governor's council having unanimously agreed to such investigation. It is alleged young Brown was forced into a bath of hot water for forty minutes, from which, it is reported, he collapsed upon removal.

After Bank Robbers.

Cleveland, O., Aug. 9.—A posse of farmers and deputy sheriffs is chasing three bank robbers near the Cuyahoga county line south of this city One of the robbers is seriously wounded and it is not believed the robbers can long evade their pursuers. The robbers made an unsuccessful attempt to loot the Farmers and Merchants' Bank at Strongsville early today. They had drilled the safe and were preparing to insert explosives, when three residents, aroused by the automatic burglar [illegible] approached the building. Discovered, the robbers made a dash for the rear door, but were met by a volley from shot guns. One of the robbers fell, but the others seized him and backed away keeping up a revolver fire. Before their assailants could secure extra ammunition, the robbers disappeared.

Deserted by his companions, the man shot has just been found in a field about a mile from Strongsville. He is badly wounded, a charge having entered his groin. He gave the the name of Fogarty. Before they abandoned him, his pals stripped his pockets and clothing of everything that might lead to identification.

Contract for Warship.

Quincy, Mass., Aug. 9.—One of two 20,000-ton warships will be built by the Fore River Shipbuilding Company here at a cost of $4,480,000. President Bowles, of the company, has telegraphed from Washington that he has signed the contract. The vessel is of what is known as the "Delaware type," it being a sister ship to the vessel of that name. It carries a tremendous armament and the contract calls for a speed of 21 knots an hour. The time alotted for the completion of the vessel is 34½ months.

New York Stock Market.

New York, Aug. 8.—The stock market opened showing initial declines. The market was feverish and unsettled all through the first hour, with about the only buying coming from covering of shorts. Liquidation of large lines of long stock continued and forced prices to lower levels all around the room. In the first hour a number of the most active issues sustained losses ranging from 1 to 4 points. The downward movement was finally broken, however. Government new fours were advanced ½; others were unchanged. Railroad and other bonds were irregular.

The market at a later hour was extremely active and prices had a wide range after the first hour, declines of 3 to 5 points being almost wholly recovered. At noon the tone was firmer than it has been for some time. A few stocks rallied fractionally over yesterday's closing prices. Standard oil on the curb rallied and advanced from 477 to 499, easing off, however, later to 484.

MISSISSIPPI SENATORSHIP.

The democratic State executive committee meets in Jackson, Miss., today to canvass the returns and declare the result of the recent primary held in Mississippi for the nomination of a United States Senator and State officers. So close is the race in the senatorial contest that interest is at fever heat, and all sorts of conjectures are made as to what today will bring forth.

For the last two days there have been all sorts of rumors of destroyed ballots and lost ballot boxes; but, when traced down, these reports have been found to be without foundation. It was said that a lot of the ballot boxes in Copiah, a county that gave Governor Vardaman a majority of 251 over Congressman Williams in the senatorial contest, had been burned, but the secretary of the county executive committee last night certified that this was not so, that every precinct had been recounted and that every ballot was safe in the hands of the proper officials.

Each senatorial senatorial aspirant says that a canvass of the vote will show his election. Vardaman claims a bare majority, while Williams thinks he has a margin of at least 1,000 votes.

VOTED FOR STRIKE.

The bricklayers' union, of Washington, last night voted to put into effect the order adopted at the meeting of the international officers of the seventeen local building trades and the Central Labor Union representatives last Saturday, when it was decided to call all union men off buildings being constructed by members of the Employers' Association where nonunion men are employed. By Saturday night, it is said, every union man in Washington who has been employed on buildings classed as unfair to organized labor will have been taken from these jobs and will remain away until such time as the employers agree to uphold the closed shop. The Employers' Association will insist on the open-shop principle.

CITY SCHOOL BOARD.

A called meeting of the City School Board was held last night. Chairman Bryant president, and there were also present Messrs. Stabler, Gates, Thompson, Ramsay, Thomson, Bradshaw, Boothe, Carter and City Superintendent Kemper.

Mr. L. H. Thompson acted as clerk.

The chairman stated that the meeting had been called for the purpose of electing a teacher in place of Miss Fannie Wilson, who had recently resigned.

The City Superintendent presented an application of P. M. Chichester, of Stafford county. Mr. Kemper said Mr. Chichester was a graduate of William and Mary College and had been principal of a school of Warsaw, a position to which he had recently been re-elected. He also announced that Miss Sarah Rives Morris, of Trevillian, Louisa county, was an applicant for the position. Miss Morris, he stated, was a graduate of the Farmville Institute. She would be willing to teach at $45 a month, but Mr. Chichester would expect $55.

Mr. Bradshaw nominated Mrs. Cora Kelly, nee Webster, a former public school teacher of this city.

The City Superintendent said he could not say whether she was entitled to teach at present, as her papers had expired and she might not be able to procure the proper certificate in time for the opening of the schools.

Mr. Alfred Thomson said he preferred an Alexandrian for the position.

Mr. Kemper said there were at present no Alexandrians on the eligible list. In answer to questions, however, he acknowledged that on certain occasions recently he had appointed Mrs. Kelly a substitute teacher.

Mr. Yates preferred Mr. Chichester or Miss Morris for the position from the fact that they were graduates of colleges and he believed better qualified as teachers from the training they had received. He, however, did not know enough about either to vote intelligently, but he nominated Miss Morris.

Mr. L. H. Thompson and Mr. Carter favored the election of Mrs. Kelly.

After an interchange of opinion between all present a vote was finally taken when all the members voted for Mrs. Kelly, at a salary of $55 a month, the amount she formerly received.

The board then adjourned.

THE W., A. & F. C. RAILWAY.

As was stated, the Washington, Arlington and Falls Church Railway Company yesterday filed in the office of the recorder of deeds a deed of trust conveying its rights, franchises and property to William H. Clarke, of Philadelphia, to secure mortgages of $61,000. Of this amount notes for $31,500 are held by the Western Land Association and $29,500 by Lydia S. Hinchman, wife of the president of the road.

The mortgage upon the railroad property, it is said, is designed to cover an old indebtedness caused by the construction of the Clarendon branch. The attorneys for the road declare that the creditors have had their interests fully protected by the mortgage notes.

John S. Barbour, in discussing the mortgage transaction, said it would not affect the claims for damages filed by victims in the recent Clarendon wreck. He said that at a recent meeting of the stockholders steps were taken to arrange for the payment of the damage claims.

The indebtedness of the road, it is said, including the last mortgage filed, is $400,000. It is understood there are two other mortgages representing a total of $300,000. The claims of the wreck victims aggregate $60,000.

The financial affairs of the company were generally discussed at a meeting of lawyers representing claimants held at the Arlington National Bank this morning.

It was decided to ask the company, through its attorneys, to execute a bond in the sum of $150,000 to answer the claims of the parties injured. A letter will be forwarded at once to Messrs. Moore, Barbour and Keith, attorneys for the railway company, at Fairfax county, with a request that a reply be sent by Thursday next, at which time another meeting will be held when the matter will be further considered.

It was the unanimous opinion of those present that if the request is complied with it would prove that the company is acting in good faith and contemplates settling the claims pending against them.

A letter addressed to Messrs. Machen and Moncure, who represent a number of claimants, from Messrs. Moore, Barbour and Keith, attorneys for the company, was read, but no action was taken. It set forth that at a meeting of the stockholders of the railway company held Tuesday last a resolution was adopted expressing the wish and purpose of the company to discharge all of its liabilities to any of its employes or patrons as a result of the accident.

ASKED COMMUTATION.

Charged with criminal assault on Miss Mabel Risley, who later became the wife of Forrest Gooding, of Washington, Joseph Thomas, alias Wright, sentenced to hang by the Alexandria County Court, may, it is said, yet have his sentence commuted to life imprisonment. Governor Swanson yesterday held a conference with Mr. and Mrs. Gooding regarding the case, and, it is reported, Mrs. Gooding personally appealed to Governor Swanson for the commutation of the sentence of the prisoner to life imprisonment. On Saturday the Governor will have a talk with Mr. Jas. E. Clements, counsel for Thomas. He will latter make a final disposition of the case. The attempted assault was committed near Luna Park, near this city, early last fall. Thomas was found guilty and his attorney appealed his case to the Court of Appeals. The appeal was denied, three judges refusing and two dissenting. A petition was then sent to Governor Swanson to have the sentence of death changed to life imprisonment.

Today 34 years ago the steamer Wawaset was burned to the water's edge off Chatterton, about 50 miles down the Potomac. Nearly one hundred people lost their lives by the burning of the steamer.

STREET IMPROVEMENTS.

Street improvement in different parts of the city is giving employment to a large force of men and numerous teams, while the result of their labor is becoming manifest. On Cameron street, between Lee and Union, the concrete sidewalks contiguous to the newly-paved roadway are being constructed and will be completed without delay. The work of grading, setting granite curb and surfacing the four blocks of Washington street north of Queen with vitrified brick and crushed stone is steadily progressing, and is sufficiently advanced to give any one a comprehensive idea of what will be its utility and general appearance when it shall have been completed. A large force is engaged in making a cut through the northern and western bounds of the old fair grounds, or, what was known half a century ago as Peyton's Grove. This cut, the deepest section of which is 8 feet, has a surface width of 16 feet, and a road bed 8 feet wide, will be used by the W., A. & Mt. V. Ry in its double-tracking plans, and is suggestive of an enticing lodgment for the drifting snows of winter. The earth removed is being utilized in filling ditches, raising the sidewalks and leveling the Baggett property so as to conform to the grade of the road bed on King street extended. Filling around Spring Park station toward the Union depot is being pushed to completion, and on this ground will be laid the tracks for the use of the local electric car. The marshy conditions of this vicinity will soon have disappeared, and the transition will be from low to much higher ground.

COLUMBIA FIRE COMPANY.

The regular monthly meeting of the Columbia Steam Fire Engine Company No. 4, was held last night, Vice President W. K. Griffith in the chair. Considerable important business was transacted. An invitation to attend the 21st annual convention of the Virginia State Firemen's Association at Newport News on August 28, 29 and 30, was accepted by a unanimous vote. The following were elected: Vice president to the association, W. K. Griffith; delegates, R. L. Merchant, J. F. Pettey, George Norris, John Travers and Walter Hughes; alternates, A. Baccigalupi, E. C. Craven, J. L. Duffey, Samuel Elliott and Wm. L. Craven. The company decided to leave for Newport News on the day steamer on Tuesday, August 27th. The prize of $2.50 in gold for counting the number of the letter "C" in programme of excusion to Marshall Hall July 25th, was awarded to W. H. Pfeiffer, of Washington.

THE DOG WAGON.

The dog wagon will probably make its appearance by tomorrow, as by that time arrangements for capturing and securing vagrant and ownerless curs will have been made. Mayor Paff's instructions to those who will be in charge of the wagon are on conservative lines, and licensed dogs which may appear on the streets in charge of responsible people will not be molested.

The following is the Mayor's order:

Chas. T. Goods, Chief of Police:

Now that all arrangements are complete, you will start the dog wagon out with instructions to the dog catchers to pick up all dogs which are not tagged with this year's license tag, and all dogs running at large, not muzzled, whether tagged or not. Any dog on the street accompanied by its owner is not to be taken up if properly tagged.

FRED J. PAFF, Mayor.

FIRST BAPTIST CHURCH.

At the annual meeting of the First Baptist Church, held last evening, the following officers were chosen for the ensuing year: J. R. Mansfield, clerk; Samuel W. Pitts, treasurer; director, James T. Peston; Mrs. J. A. Hulfish, organist. Delegates to the Potomac Baptist Association which convenes at Marshall, Va., Wednesday next, were chosen as follows: Capt. J. P. Woodey, J. R. Mansfield, W. P. Kerrick and John T. Nalls. The various reports read showed the church to be in a very healthy financial condition. It was also shown that the church now has a membership of 736.

CAPTAIN OF BARGE ARRESTED.

Mr. S. P. Fisher, Corporation Attorney, today received a dispatch from New York, stating that Capt. L. E. Tynes, of the barge Norfolk, had been arrested in that city.

It is expected that Sergeant Cox and Attorney Brent who departed for Norfolk last evening to take in custody Capt. Hickman, of the tugboat Margaret, will return tomorrow morning.

POLICE COURT.

There was no session of the Police Court this morning. Four young men had been arrested charged with disorderly conduct in the vicinity of the Stone Bridge. They each left $5 collateral for their appearance tomorrow. Two horses belonging to a King street provision dealer were picked up on the street last night. The owner was required to leave $4 before the animals were turned over to him.

DEATHS.

Mrs. Olive Willett, wife of Mr. W. Willett, of No. 727 Jefferson street, died at the Alexandria Hospital last night.

Ada, the infant daughter of Mr. Raymond and Mrs. Nellie Zell, died at her parents' home, No. 128 north Fayette street, this morning.

SENATORIAL CANDIDATES.

Mr. A. J. Wedderburn has announced himself a candidate for the democratic nomination for State Senator from the district.

Mr. R. E. Thornton, of the firm of Thronton & Thornton, of Fairfax and Prince William, is also said to be a candidate for State Senator.

LOCAL BREVITIES.

A large number of frame dwelling houses are being erected at Del Ray, Alexandria county.

The brick work of the Arlington National Bank, now in course of construction at Rosslyn, Alexandria county, is nearing completion.

The excursion given today by the Reliance Steam Fire Engine Company to Luna Park was well patronized. It is expected that a large number of people will patronize the excursion this evening.

At a meeting of the Old Dominion Boat Club, held last night, Louis N. Duffey was chosen secretary and John G. Graham first lieutenant. The above named will serve pending the regular election of officers.

Mrs. Mary W. Blake, wife of Mr. George V. Blake, died suddenly Wednesday night from hemorrhage of the lungs at her home, Brucetown, W. Va. The deceased was a sister of Mr. Stephen Feagans of this city.

A horse belonging to Ellen Davis, colored, was run over and killed at 9:30 o'clock last night by a southbound train over the Washington, Alexandria and Mount Vernon Railway. The accident occurred south of Arlington Junction.

There was a meeting last night of the Friendship Veteran Fire Association. The organization desires to secure a fee-simple title to the old Friendship engine house on south Alfred street, in order to make repairs to the same, and a committee, consisting of Messrs. E. E. Downhan and J. Y. Williams, was appointed to bring the matter before the City Council.

A large number of colored people of this city left today on the steamer Jane Moseley for an excursion to Somerset Beach. The steamer was densely crowded when it reached this city from Washington, and only about half the Alexandria darkeys who had gathered on the wharf were able to get aboard.

A meeting of the Reliance Fire Company was held last night. Nothing but routine business was transacted.

BUNGLING M. O. OPERATION.

Freeport, N. Y., Is Paying Several Times Too Much For Street Lighting.

All the evils connected with municipal ownership have grown out of bungling municipal operation. A carefully wrought out plan, with those in charge held to responsibility, must be devised before municipal operation can be successfully carried on. Leaving the matter in the hands of new officials, elected every year or two, without any knowledge of how to carry on the business, cannot be successful except in very rare instances.

Take, for example, the municipal lighting system at Freeport. There is a valuable franchise which ought to bring in a fair revenue to the village treasury. Some time ago a wealthy lighting company, which understands the lighting business and can produce incandescent light at a small fraction of the cost of generating it at the Freeport power house, offered to pay $30,000 for the use of this franchise. Computed at 5 per cent, that meant a rental of $1,500 per year. The company also offered to light the village with a larger number of arc lamps than are now in operation for $3,000 a year. Deducting the rental of $1,500 from this annual payment, the village street lighting on an all night system would cost the taxpayers $1,500 a year. But the villagers thought it better to have the system operated by their elected officials, none of whom is an expert in lighting matters, and we notice that this year they propose to levy between $9,000 and $10,000 by taxation. They assure us that none of this money is for private lighting. If so, it must all be for street lighting. Thus the street lighting costs several times as much under municipal operation as it would with municipal ownership and intelligent business operation.

ASKS AN INVESTIGATION.

An Illinois Mayor Says Waterworks Are Wastefully Operated.

In asking the council of Galesburg, Ill., for an investigation of the water department Mayor Shumway of that city brought out some rather startling facts. He states that receipts from rentals are $1,400 a month and that $1,000 a month may fairly be allowed for hydrants, yet the operating expenses are $2,500, which thus exceed the income, although, according to the report, there is no allowance for depreciation or sinking fund and apparently none for interest on the $300,000 investment.

Even more remarkable is the mayor's statement that three-quarters of the water pumped is unaccounted for. To quote:

"From this condition of affairs it is manifest that the amount of water reported pumped is grossly exaggerated, or the leakage unaccounted for demands prompt and careful investigation."

To remedy these conditions the mayor makes several recommendations, among which are the following:

"First.—I suggest that a careful survey of the plant and report of condition of same, with suggestions for the placing of the plant on a paying and businesslike basis, be made.

"Second.—That the water rates be revised.

"Third.—That the free list of water takers be suspended."

But why should there be a free list? Or is that supposed to be a necessary incident to political management?

City Plants Are Inefficient.

In 1902 the United States department of commerce and labor published a special census report on electric light and power stations, compiled by T. Commerford Martin, editor of the Electrical World and a recognized authority on the subject. A comparison of the statistics of municipal and private plants given in this report demonstrates the far greater efficiency of the latter, as the following table shows:

	Private.	Munic.
Output in kilowatts per wage earner* employed	110,777	79,410
Output in kilowatts per $1 of wages	170	138
Average wages per year	$650	$577

*Only operative wage earners are considered, because in a large number of municipal plants all or part of the clerical work is done by other departments. The operative wage earners, however, perform the same duties in both municipal and private plants.

On the basis of wage earners employed the output of municipal plants is only 72 per cent of that of private plants, and in spite of the lower wages paid in municipal plants their output per $1 of wages is only 81 per cent of that of private plants. The chief loser by this relative inefficiency is of course the public that pays the bills.

Remedy for Diarrhoea, Never Known to Fail.

"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I can not saying too much for the best remedy of the kind in the world."—S. JEMISON, Spring Grove York county, Pa. This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean: Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative sold by E. S. Leadbeater & Sons.

Rising from the Grave.

He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at E. S.
